Ski Report: 800-SKI-WOLF

FAX: (970) 264-5732

Dear Parent:

Ski Season 2011 - 2012

Wolf Creek Ski Area would like to welcome you and your children to the School Program again this season. We would like to encourage parents and children to view the Ski School Video, which can be found under the Ski School menu on the Wolf Creek website, www.wolfcreekski.com. To keep parents better informed and more involved, links to the instructions and forms parents need to fill out can now be found on the website in the same menu as the Ski School Video. Wolf Creek provides a unique mountain experience we are sure your child will enjoy. Concentrating on style and technique in a comfortable and fun learning environment, your child will spend 1.5 - 2 hours in a lesson with a Wolf Creek Ski Area instructor. After lunch your child's instructor and class will explore the great terrain that Wolf Creek offers. Students must be accompanied by an instructor or chaperone at all times while skiing or boarding. Your child will be on the mountain for the entire day with the exception of the lunch time period, so please make sure they are dressed appropriately.

Parents Fill Out for EACH Ski Day:

1. Parental Rental Liability Release Agreement
2. Release of Liability Agreement (Lessons)

Suggestions for preparing your child for a day outdoors at Wolf Creek:

- **Goggles or Sunglasses** - On snowy days it is very hard to see where you are going without goggles or sunglasses. On sunny days the glare is very intense and may cause snow blindness – eye protection is a must.
- **Sunscreen** - On sunny days, severe sunburn is possible. We recommend sunscreens with SPF 15 or higher.
- **Layers of clothing** - Being cold is not fun and can be very dangerous. With frequent weather changes, layering clothes will allow your child to change according to conditions. A turtleneck under a sweater or fleece with a wind jacket works well. For the legs, long underwear or some kind of sweat pant under a waterproof pant is best. Jeans are not recommended since they tend to soak up water and dry very slowly. If possible, it works best to wear warm pants, wool or corduroy, with ski pants or nylon shells over the pants.
- **Hat and Gloves**

Since each student will be under the supervision of a Wolf Creek instructor for the majority of the day, students need to understand if caught in a willful deception, their lift ticket will be pulled and voided with no refund on the lift ticket, lesson or rental. The behavior and conduct expected in the classroom is also expected on the mountain.

We enjoy having local children at Wolf Creek Ski Area and look forward to exploring the mountain with them! All School Program Students are invited to bring up their immediate family for skiing on February 25, March 3, March 31 and April 7 and April 8, 2012. A special rate of \$12.00 is available for an all mountain lift ticket, complimentary morning lesson, and ski rental. For boarders the rental is \$5.00. Posters will be sent home in early February about the Family Ski Days. Call the Wolf Creek office if you have any other questions.

Sincerely,

Rosanne Haidorfer-Pitcher
VP of Marketing & Sales
